Welcome

To our first issue of Focussed magazine. A new local magazine that's fresh, classy, informative and vibrant. With interesting local features, advertisements and money saving vouchers inside, it's a must read for any member of the local community and those visiting Corby.

We have a fresh, innovative approach to boost not only well established companies but those new businesses looking to get out to the masses quickly. Our unique campaign offers businesses the chance to cross over the 4 media platforms, PRINT, ONLINE, APPS & AIRWAVES. The magazine is door dropped to 20,000+ homes in Corby and the surrounding areas quarterly.

By doing this, we keep 'YOU' the local community, up-to-date with events, gigs, facilities, services. We are able to highlight all the special offers and vouchers that are available to save YOU money. Often these special offers and vouchers are missed, but not any longer. We have made it easy to hold all your vouchers in one place without bulking out your wallet/purse. With our Focussed magazine and App you will always know where to look for a bargain!

Within the Focussed App you will find local shops, businesses and services at your fingertips. On your desired company listing, you will find information on any current vouchers or special offers. To redeem these special offers/discounts, simply show your in app voucher to the store clerk. However it doesn't end there, the voucher is re-usable from the next day should you wish to take advantage of the same offer until the voucher's expiry date, saving you money over and over and over again.

It still doesn't stop there! The Focussed App also offers a digital loyalty card system, which will be digitally signed by the clerk in store for each purchase. Once you have enough stamps, you will reap the rewards. Your digital loyalty card will then automatically replenish, ready for you to start over. This is excellent news for shopaholics, as it means all loyalty cards and offers are stored in one place, making everything easily accessible at all times... **instead of forgetting to grab your coupons from your fridge door!**

Download the Focussed app from any major app download store today and start saving yourself lots of money with Focussed.

Corby Town Centre REGENERATION

A vibrant and rapidly changing place, Corby is remarkable for its resilience and remains one of the fastest growing places in the country.

Corby is a great place to live, learn, work and play!

We've come along way!

The Corby Town Centre Regeneration vision is designed to deliver a bold and confident new Corby for the 21st Century. The town will become a vibrant and successful place, where people will want to shop, work, visit, live and do business.

Corby will experience positive change through unprecedented levels of sustainable population and economic growth to become a place of opportunity and prosperity for both residents and business alike. The town will become a well balanced and successful place, with a wide range of new commercial, social and community facilities within a high quality environmental and landscaped setting.

Over the last 8 to 9 years, Corby has travelled a very long way, and all for the better for residents and visitors. With Willow Place coming to life back in 2008, Corby's retail offer became more and more appealing to not only local residents, but to people from outside of the borough as well. Also in 2008, Corby East Midlands International Pool opened its doors to the public making Corby home to a 50m swimming pool and state of the art gym & health suite facility.

As well as being the perfect fitness hub for those from in and around Corby, it was even a training camp for Olympic swim teams, Israel and Jamaica in the run up to the London 2012 Olympic Games.

Next to open its doors was the Corby Cube on George Street, home to the Borough Council's One Stop Shop and offices, the Corby Library and the Core Theatre, which is impressively situated underground and has given extremely talented local & even famous artists the chance to take to Corby's stage since its opening. Most recently, in 2015, Corby became home to Savoy Cinema. The 6 screen complex opened in July 2015 and, along with several restaurants that have opened in the surrounding area, has helped to create a real & positive buzz around the Parkland Gateway area.

The George Street Regeneration project was part of a larger scheme to give the town and streetscape a total refurbishment. The work included a new carriageway, upgraded footway, street furniture, street lighting and landscaping with relocated bus stops and taxi stands. The overall project also provided the main north-south route through the town centre with a transport interchange for buses and taxis.

A rail service to London from a new high quality rail station and public transport interchange will ensure the town becomes a highly accessible and attractive location, stimulating further investment in business and residential development around this new integrated transport hub. Improvements to the local road network together with a wider and improved cross town pedestrian and cycle network will ensure that access by all modes of transport is given high priority as the town expands.

Corby Central will become an active, dynamic and vibrant heart for the town, offering a comprehensive range of new cultural, retail and entertainment facilities. The transformation will take place within a distinctive setting of attractive new buildings, quality public realm and new public spaces. The town centre will become a **focus** of activity and opportunity.

Explore a world of

Cocktails

qube is a food & drink experience not to be missed - the menu is best described as International contemporary and includes a wide choice of meat dishes as well as excellent vegetarian options.

A vast range of classic cocktails mixed in front of you by professional mixologists. qube is not only a place where you can drink a coffee or pop in for food, all made by professional chefs using the finest, freshest ingredients. Long opening hours can assure you that there is never too late to have a dinner at qube.

The latest craze taking the world by storm

HEARD ABOUT TRAPP'D?

WE TALK TO THE MASTERMINDS BEHIND CORBY'S NEWEST ATTRACTION

The whole town is very excited about Trapp'd. Can you explain to us all exactly what an escape room is?

Sure, basically escape rooms have been around for quite some time and really started to take off in America around 2010 before spreading everywhere. Last year there was a recorded 2800 escape rooms globally. The idea is that a group of players are locked in a room and must use the elements of the room to unlock puzzles, solve clues and crack codes in order to escape the room within 60 minutes. It is a real life adventure game that challenges people to really work together as a team but most importantly, they are great fun.

What makes trapp'd different to all the other escape rooms?

We have years of experience in the movie industry, designing artwork and even movie sets and aim to bring that creativity into our room designs and themes. We have invested a lot of time researching the industry and a lot of money into the room designs which aim to have a movie quality feel to them. Most rooms we have been to are quite low budget, so we wanted to bring a second generation escape room business to our home town using our creativity and backgrounds as an advantage.

How old do you have to be to play?

Most escape rooms are designed for adults as an alternative to going to the pub but we wanted to allow anyone over the age of 14 to play. We will also have various rooms which are age restricting too.

Sounds exciting. What are the plans for your first rooms?

We will be launching our first two rooms on the 29th September which will be Area 51 and Maine State Prison. Area 51 will immerse you into a storyline where you have managed to gain access into the forbidden Area 51 and you are tasked with downloading the top secret government files before you get caught. We have got some amazing surprises lined up for this room and aim to give a real wow factor upon entering. Maine State Prison is themed around the worst prison on earth so the conditions are horrific. The aim for this is to attempt your very own prison break, because trust me, you will not want to be in this cell for very long. It is rancid! We then have two more rooms planned for this year, both very different with one being an over 18's horror experience and the other a magical family experience.

Wow, where do we sign up?

We have now started taking bookings via our website at www.trappd.com and the response has been phenomenal so far. We launch on September 29th and already every slot for both rooms is now booked for that day. We can't wait to open our doors and let the games begin.

Trapp'd will be opening on the 29th September on Priors Haw Road (next door to Adrenaline Alley).

For more information or to book this exciting new experience visit www.trappd.com

Money Saving Opportunities:

Most of us are probably looking at ways to shave costs, and if you regularly shop online, cashback websites are worth investigating as they can provide an easy way to save money on purchases. Some offer the opportunity to use a cashback card in the actual stores themselves.

These sites pay you a cash reward when you click through them to shop at specific online retailers. The rewards on offer – which can be a fixed sum or a percentage of the price – could add up to hundreds of pounds a year for consumers who do a lot of online shopping and buy high-reward items such as insurance policies, holidays and mobile phone contracts.

There are many opportunities though from other online stores that will often advertise the products online at below the shop cost due to reduced overheads and as a means to tempt shoppers to buy online. For the savvy shopper you could look online at the products advertised and then visit the retail

VOUCHER

Select the voucher you want to use from the app and start saving money

shop to confirm the product is what you want before you buy. Speak to the shop manager at the time, who may be able to meet the online price advertised and you get the best of both worlds. The Focussed App alongside the Corby Portal Online App has direct links to the stores websites so you could shop and browse at the same time.

There are opportunities to save on your utility bills, shopping bills and you will find money saving opportunities from all types of companies and businesses in the Corby area.

Included are promotional and special offers from local and high street name retail stores, offering savings on a whole range of products and services for domestic and business customers.

Focussed offers the local businesses a multi platformed advertising campaign to reach out to their customers and by offering money saving vouchers and coupons we can give back to Corby's ever growing community.

Download the **FREE Focussed App** TODAY and start saving money.

focussed on Wellbeing

Wellbeing is fundamental to the overall health of an individual, enabling them to successfully overcome difficulties and achieve what they want out of life.

There are many ways to make ourselves feel good; exercise, what you eat, hobbies to keep you entertained and routine. Another major component is how you look and feel within yourself. If you look good on the outside, generally you feel much happier inside. So simple things like having your hair and nails done, to getting a tan to brighten up and rejuvenate the skin can make you feel a whole world better... ready to face to week ahead.

Bring out your true smile :)

Our mission

here at the Vanity Lounge is to create the ultimate tanning experience that you simply wont find elsewhere in town.

Providing a sincere customer service and with the use of first class facilities, we can educate our clients on the benefits of each product and service. For example we know the winter months are starting to draw in and so lack of Vitamin D can bring our natural moods down. Our tan systems can help with this making you feel a whole world better, but responsible tanning is always at the forefront of approach which is where the help and guidance from our staff can deter any overuse of the beds.

Feeling Good

is of the utmost importance for us and thats why we have a sister shop (just next door to the tan shop) that can cater for all sorts of Hair & Beauty treatments.

Here are some of the services we provide:

- Hair Design & Styling
- Hair Treatments
- Colouring
- Foiling
- Makeovers
- Hand & Feet Treatments
- Acrylics
- Manicures / Pedicures
- Reflexology
- Body Scrubs
- Massage
- Microdermabrasion
- Facials
- Waxing
- Lashes
- Male Grooming

SUNRISE 488

The top Sunrise 488 Dynamic Power model with 48 UV lamps delivers up to approx. 25% more UV output per watt input thanks to dimmable electronic ballasts. A tanning session on the Sunrise 488 is now also a fitness session at the same time. Vibra Shape allows customers to train their physical fitness as they tan without even breaking into a sweat. The rhythmic vibrations of the Vibra Shape plate have numerous positive effects on health: They promote muscle generation, energise fat reduction and improve physical mobility and coordination. The improved supply of nutrients to the skin also enhances the tanning effect.

**CORBY RADIO CHRISTMAS
DRAWING COMPETITION**

DISNEY
At Christmas

COMPETITIONS

There Will be two age groups:
4 to 7 years AND 8 to 11 years

The Theme for all drawings must be 'Disney at Christmas' - this can be anything at all to do with Disney eg. characters, films, Songs etc but with a Christmas feel to it.

All Drawings must be submitted on an A4 sheet of paper - with the child's name, age and contact number clearly written on the back. All entries will be submitted to the Corby Radio Studios, which are above Iceland in Corporation Street.

Closing date for entries will be 5pm on
Friday 25th November 2016

Any entries received after this date and time will not be considered. Winners will be notified before 5pm Monday 28th November 2016. All drawings will be judged by an independent panel of Judges whose decision will be final.

**CORBY
RADIO**
